

3rd Grade Report

Glebe vs Moorebank

Round 11

14th June

Result: Glebe 4-1

Glebe stood up to the plate in this match against traditional rivals Moorebank-Liverpool, piling on the pressure early on and creating some great chances. However, against the run of play an intercepted pass in midfield led to Moorebank scoring an early goal. Led by a superb performance from Aleks 'Mouse' Manou in the unaccustomed position of inside left as well as good support from Jake R and Alex S, Glebe were able to create a couple of great chances ably put away by Paul Jowett. Alex and Mouse also scored to take us to a 4-1 lead at half-time.

As we knew they would, a young and skilful Moorebank side piled on the pressure in the 2nd half but brilliant defence from Dan Carey, the evergreen Mick Bougoukis and teenage debutant Chris Holmes kept the Moorebank strikers at bay. Mick was particularly brilliant making some unbelievable stick saves which could see Deano and Stef get a bit nervous in upcoming weeks. Maybe. The last half hour was great tackling practice as Glebe struggled to possess the ball for extended periods and therefore were forced to defend for the majority of the time. Lovechild had his best game for Glebe at right half and Campo and Paulie worked well together up front with Paulie extending his golden goal form of late to 5 goals from 3 matches. Party on Paul!

On that note, I would like to congratulate 1st grade on their amazing victory against Moorebank especially considering that Glebe were missing several key players and considering old man Oman had to play centre half and somehow got away with it. Nice one Az!

Cheers

Adam Campano
